international commercial arbitration contains detailed commentary case analyses and practice pointers full annotations and footnotes provide invaluable research assistance while clearly written analyses identify and discuss critical issues representative international arbitral awards and national court decisions are excerpted and detailed reference is made to leading institutional rules detailed appendices an easy to use table of contents and an extensive index to aid research and provide ready access to key materials co publication with kluwer law international north american sales rights only published under the transnational publishers imprint for class adoption a student edition is available for 85 00 978 1 5710 5175 2 please contact the brill sales department to arrange an order

any practising lawyer and student working with international commercial contracts faces standardised contracts and international arbitration as mechanisms for dispute settlement transnational rules may be applicable but national law is still important based on extensive practical experience this book analyses international contract practice and its interaction with various applicable sources it considers vital questions concerning the role played by contractual regulation by national law and by transnational sources what is the interaction among these factors and how does this all apply to contracts that refer disputes to international arbitration this revised second edition has been fully updated to reflect developments in the field and includes useful tools like tables of cases and sources and a list of electronic resources and databases

robert w kaps examines air transport labor law in the united states as well as the underlying legislative and policy directives established by the federal government the body of legislation governing labor relations in the private sector of the u s economy consists of two separate and distinct acts the railway labor act rla which governs labor relations in the railroad and airline industries and the national labor relations act nlra which governs labor relations in all other industrial sectors although the nlra closely follows the pattern established by the rla kaps notes that the two laws are distinguishable in several important areas labor contracts negotiated under the rla continue in perpetuity for example whereas all other labor contracts expire at a specified date other important areas of difference relate to the collective bargaining process itself the procedures for the arbitration of disputes and grievances and the spheres of authority and jurisdiction to consider such matters as unfair labor practices congress established a special labor law for railroad and airline workers for several reasons because of transportation s critical importance to the economy an essential goal of public policy has been to ensure that both passenger and freight transportation services continue without interruption production can cease at least temporarily in most other industries without causing significant harm to the economy when transportation stops however production stops thus congress saw fit to enact a statute that contained provisions to ensure that labor strife would not halt rail services primarily because of the importance of air mail transportation the railway labor act of 1926 was extended to the airline industry in 1936 the first section of this book introduces labor policy and presents a history of the labor movement in the united states discussing early labor legislation kaps focuses on unfair labor practices and subsequent major labor statutes the second section provides readers with a comparison of labor provisions that apply to the railroad and airline industries as well as to the remainder of the economy the final section centers on the evolution of labor in the airline industry the author pays particular attention to recent events affecting labor in commercial aviation particularly the effect of airline deregulation on airline labor

public policy a concise introduction by sara r rincret denise scheberle and michelle c pautz is a student friendly primer that quickly connects readers to the inner workings of public policy the text condenses early chapters on theory and the policy making process allowing students to take up key policy challenges such as immigration education and health care much earlier in the semester structured chapter layouts of substantive policy areas allow instructors to supplement with their own examples seamlessly the book s emphasis on policy choices asks students to look beyond simple pros and cons to examine the multifaceted dimensions of decision making and the complexities inherent in real world problem solving not every student starts out engaged in public policy so place your students both majors and non majors alike in the driver s seat by fostering their analytical skills early and spend the rest of the semester discussing policy issues examining data and debating current policy examples that matter most to them

this is a first rate book it draws on a wide range of reading philosophy economics and politics and teases out a number of important ideas for academics and postgraduates it surely will be essential reading and i think has pushed the study of public policy forward michael connolly political studies review in the dynamics of public policy adrian kay sets out the crucial methodological theoretical and empirical implications of two important trends in the social sciences a frequently expressed ambition for analysis of movies not stills and the regular observation that policy politics and governance is becoming more complex beginning with a discussion of the centrality of temporality change and history to the social sciences he develops the provocative claim that existing models of the policy process are of limited value in understanding and explaining policy dynamics instead the author argues that it is only through structured narratives that we can really understand and explain complex policy histories he sets out a methodology for structuring policy narratives and illustrates the claims of the book through four detailed case studies health policy and pharmaceutical regulation in the uk and agricultural policy and budget policy in the eu adrian kay s book will appeal to academics in the fields of policy analysis public administration and public sector management as well as political science and political theory
